

Cal Sports Club

Olympic Sports ~ Renaissance Adventure ~ Outdoor Awareness ~ Health & Fitness

LEARN TO: Fence, Shoot a Bow, Ride a Horse & more!

Try one, or all of the unique sports of swordplay, archery, and horsemanship in an exciting series of group classes, one of our camps, or private lessons. Our sports have a long and romantic history as the foundation of ancient warriors, medieval knights, renaissance musketeers, to our modern Olympians. All of our activities develop both physical and mental fitness, teach self-discipline, build character, and instill sportsmanship skills. You learn about the history, safety, and rules. We teach you proper form, technique, and basic tactics. You will get to fence, shoot, or ride every day of class. Afterwards you receive a certificate of completion and are ready to join our novice level program. Our sports are for all ages of men and women; fencers can start at 4.5, archery at 8, and horsemanship at 10 years. We supply all the equipment and have formally trained, highly qualified, and certified instructors to masters in all sports.

Fencing

CLASSES	Age	Day	Times	Dec-Jan	Jan-Feb	March-April	Cost
Super Youth	4.5-7	Wed	5:30-6:20	12/21, 1/4, 1/11 (3 classes)	1/18 to 2/26 (6 classes)	3/14 to 4/25 (6 classes)	3 classes \$60.00
Youth	8-13	Wed	5:30-6:20

What Happens After the Introductory-Beginner Program?

With fencing and archery our 6-week start-up program includes the introductory level (first 3 classes), and the beginner level (next 3 classes). When you complete your first 6 weeks you will receive a diploma of accomplishment, and are now ready to join our novice level program. We believe it is only fair to explain our membership fees and policies before you even register for our start-up class.

Becoming a member of the **CAL SPORTS CLUB** is easy, straight forward, and financially reasonable. As a developmental-recreational student we have a simple month-to-month tuition agreement with no annual contract, no hidden fees, easy monthly billing, 30 day cancellation policy, and a reasonable annual fee compared to other clubs. We also supply ALL the equipment (other clubs do not). You will receive your club patch when you become a member and other materials as your progress continues.

While other businesses raise their fees in this economy we are trying the opposite and lowering them so that you can more easily afford it, and we get the members needed to survive this economy and provide for our staff's families as well, a win-win situation for everyone we hope!

When you become a **CAL SPORTS CLUB** member you pay your very reasonable first month's dues with a 1 day per week rate of **\$89.00 down from \$99.00**, or a 2 day per week rate of only **\$145.00 just lowered from \$169.00** (recommended), but if you sign up for two days we are going to give you a **3rd day for FREE which was \$199.00!** If you register as a member before, or on the last day of your 6-week course your **annual developmental/recreational membership fee is reduced \$30.00 from \$150.00 to only \$120.00.**

Our Program Overview:

Each of our levels is worked through with clear tasks and goals. What is rare about our club is that if you can't or don't want to compete you still get to level up through the advanced/team program. Most clubs have only two levels; with beginner, novice, intermediate, and advanced all together, and competitive separate. This model is not fair to everyone and offers a poor program for those developing and recreational fencers which in turn leads to a high attrition rate and dissatisfaction in their program – not to mention we get more competitors with our model anyway. We also differ in that we cater to super youth fencers, youths, teens, and adults, as well as men and women with classes and coaches for each age and gender category, and we have a pro staff in all three swords! Our Head Coaches and instructors cater to those who are doing the sport for fun, yet our elite certified fencing masters primary goal is to produce champions of the highest caliber. Our club has had to many National Champions to list here, as well as World Team Members, World Cup & World Championship finalists and junior and senior Olympian medalists. We continuously have fencers ranked in the top in the country and our Head Coach has been a designated US coach for USA World Cup teams. Our fencers have continued on to fence at Stanford, Harvard, Penn, MIT, Duke, Notre Dame, Air Force, Ohio State, Berkeley and more. We are the best club in Silicon Valley for a long list of reasons.

Why Join Our Club? A partial list

- **FAMILY RUN BUSSINESS** since 1986, including many ongoing school & city programs. Trained over 10,000 fencers & earned well over 500 national medals by Maestros Daniel & Ania Tibbetts
- **MORE** levels of developmental classes with clear tasks & goals
- **MORE** than the usual amount of days and times for all levels
- **BEST TEACHING MODEL** with positive reinforcement, disciplined coaching, equality, and a clear lesson plan – unlike most clubs
- **The BEST** rate for what you get as a member or non-member
- Activities for the **WHOLE FAMILY** in foil, epee, saber, archery, horsemanship, martial arts, massage, fitness classes & more
- **MOST QUALIFIED STAFF** with formally trained certified coaches & masters in sport for all activities. No all to common misleading or false statements in our bios and results
- **ELITE COACHES** of US champions, World Team Members, junior & senior Olympians - The best honest results in Silicon Valley & the only European Certified Fencing Masters in Santa Clara County.
- The only formal **COACHES COLLEGE** in the Bay Area training and certifying its own instructors from member students & guests.
- **AWESOME FACILITY** of 28 fencing strips, archery range & health center. State of the art rubber footing wood sports floor, etc.

OUR LEVELS: Level 1: Intro (1st month), Level 2: Beginner (2nd month), Level 3: Novice (3rd-5th month), Level 4-5: Interm/Local Team, Level 6-8: Adv/National Level 9-10 World Team
